Transform the way you live your life with a message of unexpected hope, radical joy, and deep connection. You matter. Not because of what you earn or how you look or what you've achieved, but because you are inherently valuable. Author Matthew Emerzian takes this seemingly simple premise and shows readers how truly understanding their own worth will change every aspect of their lives. *You Matter* is a call to empathy and a joyous celebration of the value of each and every person. The book is structured into three sections, each of which expands the concept in ever widening ripples. In the first section, "I Matter," readers come to terms with their own worth, in "You Matter" that awareness expands to acknowledge and celebrate the value of the people around us, and finally in "We Matter" Emerzian explores the power of a thriving community with those around us. Each chapter features exercises, journal prompts, and conversation starters to help readers dive deeper. Author Matt Emerzian is the founder of Every Monday Matters, a not-for-profit dedicated to spreading the message of self-worth and compassion to people throughout the world. Every week 1.2 million people—from elementary school children to employees at national corporations—engage with ideas and concepts from Every Monday Matters. *You Matter* is a manifesto of self-esteem and call to action for people to find their meaning and live fully—and change the world while doing so.

to see that the point was never to win, but to understand.”—Mark Manson, author of *The Subtle Art of Not Giving a F*ck* I’ve been in this life for fifty years, been trying to work out its riddle for forty-two, and been keeping diaries of clues to that riddle for the last thirty-five. Notes about successes and failures, joys and sorrows, things that made me marvel, and things that made me laugh out loud. How to be fair. How to have less stress. How to have fun. How to hurt people less. How to get hurt less. How to be a good man. How to have meaning in life. How to be more me. Recently, I worked up the courage to sit down with those diaries. I found stories I experienced, lessons I learned and forgot, poems, prayers, prescriptions, beliefs about what matters, some great photographs, and a whole bunch of bumper stickers. I found a reliable theme, an approach to living that gave me more satisfaction, at the time, and still: If you know how, and when, to deal with life’s challenges—how to get relative with the inevitable—you can enjoy a state of success I call “catching greenlights.” So I took a one-way ticket to the desert and wrote this book: an album, a record, a story of my life so far. This is fifty years of my sights and seens, felts and figured-outs, cools and shamefuls. Graces, truths, and beauties of brutality. Getting away withs, getting caughts, and getting wets while trying to dance between the raindrops. Hopefully, it’s medicine that tastes good, a couple of aspirin instead of the infirmary, a spaceship to Mars without needing your pilot’s license, going to church without having to be born again, and laughing through the tears. It’s a love letter. To life. It’s also a guide to catching more greenlights—and to realizing that the yellows and reds eventually turn green too. Good luck.

By anchoring your understanding of productivity in God's plan, *What's Best Next* gives you a practical approach for increasing your effectiveness in everything you do. There are a lot of myths about productivity--what it means to get things done and how to accomplish work that really matters. In our current era of

innovation and information overload, it may feel harder than ever to understand the meaning of work or to have a sense of vocation or calling. So how do you get more of the right things done without confusing mere activity for actual productivity? Matt Perman has spent his career helping people learn how to do work in a gospel-centered and effective way. What's Best Next explains his approach to unlocking productivity and fulfillment in work by showing how faith relates to work, even in our everyday grind. What's Best Next is packed with biblical and theological insight and practical counsel that you can put into practice today, such as: How to create a mission statement for your life that's actually practicable. How to delegate to people in a way that really empowers them. How to overcome time killers like procrastination, interruptions, and multitasking by turning them around and making them work for you. How to process workflow efficiently and get your email inbox to zero every day. How to have peace of mind without needing to have everything under control. How generosity is actually the key to unlocking productivity. This expanded edition includes: a new chapter on productivity in a fallen world a new appendix on being more productive with work that requires creative thinking. Productivity isn't just about getting more things done. It's about getting the right things done--the things that count, make a difference, and move the world forward. You can learn how to do work that matters and how to do it well.

The idea was simple... what if we could get millions of people to engage in simple acts that were good for the world? Picking up litter, helping the homeless, smiling, planting a tree. And, in doing so, we would make the world a better place and also help people understand how much and why they matter. Every Monday Matters is a practical guide to life written by expert author Matthew Emerzian that kicks off each week with a specific and engaging theme to help you get inspired and live authentically. Each Monday you are provided with a mindful moment to reflect upon and opportunities to help you engage. There are also motivational quotes and inspirational journal prompts to help you on your journey.

How does it feel to be here and there - at the same time? Maxwell Greyson refers to himself as a project manager but really only makes use of that title in an attempt to mask his ridiculousness, which is something that has plagued him all of his life. He unwittingly embarks on a quest to find what he's always sought. He finds it, or rather he finds something, but doesn't know exactly how to process it or what to do with it. What ensues is a journey that starts at zero and ends up near the edge of the multiverse. Or is it the other way around?

The Gospel of Matthew says some things about Jesus, and attributes words to Jesus, that are unique to this Gospel. If we pay careful attention to these passages, we may find Matthew both challenging some of our most treasured assumptions and providing new, exciting possibilities for the life of the church. Jesus as the teacher and embodiment of Divine Wisdom, calling to us to learn gentleness and humility from him, leads us into a path of discipleship that has profound implications for Christians' relationship with the world—but especially with Jews and Muslims.
