Times—bestselling Winner's Trilogy, Marie Rutkoski's *The Midnight Lie* is an epic LGBTQ romantic fantasy about learning to free ourselves from the lies others tell us—and the lies we tell ourselves. Where Nirrim lives, crime abounds, a harsh tribunal ...

She's looking for trouble. Well, here I am. Royal brat, meet royal hand of discipline. And I'm going to teach that royal heiny a lesson she'll never forget... It takes a strong hand to be King. It takes discipline, and control. I may be rough around the edges, but as King, my rules will be followed, not challenged. ... That all goes to hell when she barges into my world. Duchess Riley Noles - blonde, blue-eyed, and five-foot-four of pure f\*\*king trouble. She's wild, out of control and all sorts of challenging - a pretty little hurricane crashing right into me. And when I catch her red-handed screwing with my car, oh, there's going to be hell to pay. But then, this tempting little firecracker may have just found exactly the trouble she's been looking for. And when her soft moans tease through my ears, and her sweet curves press against my hard body, the last of my meticulous control might just be broken. She's all sass and vinegar, but as King, I always get what I want. And with her, I'll have it all - her body, her heart, and her sweet submission, over my knee and saying "yes please". You know what they say about pretty little rich girls who look for trouble: they always find it. And Duchess Riley is about to find it with me. ... every inch of it. Hear ye, hear ye! A Queen-sized helping of insta-love, kindle-melting steam, and a filthy-talking alpha, all for you. Hang on to your crown, and buckle up - this is going to get ridiculous real fast. Ludicrously over the top, out of control, and pure dirty fantasy. As with all my books, this one is safe, with no cheating, and a HEA guaranteed.

Four rules: No names. No pictures. No hesitations. Must be willing to be shared. Welcome to the Triple Crown Club - the filthy, dark, secret playground of the royal elite. A place out of whispered rumor, where the powerful and royal come to indulge in the ultimate fantasy: a place where three princes share one lucky girl. ... If she dares. Totally wrong, utterly forbidden, and the scandal of the century if discovered. But with three filthy mouths, six powerful hands, and three big, huge, gorgeous...um, crowns? Well, how's a girl supposed to say anything but "yes sirs"? Cinderella never had this problem. ... Too bad for her. This complete collection includes *Royally Shared*, *Royally Claimed*, and *Royally Tempted*. Also included is *Royally His*, a never-released new story exclusively available in this collection! Three times the completely obsessed alpha hero, three times the over-the-top fantasy, and three times the kindle-melting insta-love. Hot, sugary-sweet, wildly unrealistic, and alpha to the max. This mfmm romance is all about her - no m/m. Safe, no cheating, and a HEA guaranteed.

We've made a list, and we've checked it, twice. And she's about to find out what happens to bad girls tonight. We'll deck her halls with more than holly. This Christmas Eve, we want her nice and naughty. They call us ruthless, and cruel. Filthy rich beyond belief, dominant beyond compare, and we run our company with iron fists. It's the night before Christmas, but all is not calm. And all sure as h\*ll ain't right or bright. See, someone's been skimming from the company piggy-bank, and selling secrets to our rivals. Not just anyone though. Her. Noelle Healy. The new hire. The innocently tempting, forbidden little tease who's been driving us insane in our need to have her....and we will have her. Dark hair, wild, fierce eyes, and just enough sass in those pouty lips and curvy hips to drive a man wild. Or two of them. But someone's been a bad, bad girl this year, and she's about to find her stocking stuffed with two somethings much harder than coal. We've got some heavy bells for her to jingle, and enough mistletoe to last all night. Christmas might come but once a year, but the two of us are far more frequent than that. And Noelle's about to unwrap a bah-humbugging she'll never forget. The "nice" list? Psssh. Please. We both

know the naughty list is much more fun ;). So double-down, get a little wild, and get ready to indulge yourself in some seriously over-the-top, totally unrealistic fantasy at it's finest. Light a fire, grab a candy cane (or two), and let's put a little extra jingle in your bells this holiday season ;). This mfm romance is ALL about her - no m/m. As with all my books, this standalone novella has no cheating, and a HEA guaranteed.

It's crowns galore as we give you all the brooding kings your heart can hold. Climb on your throne and adjust your tiara... we've got cherries to pop and heirs to make.

She's way off limits, and I know it. The problem is, I don't give a f\*ck if she is. Somehow, that innocent girl next door - that girl I had no business thinking about like that, grew up. And I HAVE to have her. I've never felt this way about anyone, even in my Navy days - obsessed and crazy to the point of madness. It's like something primal; a beast inside of me that roars whenever she's near. She might be my buddy's little girl, and my next door neighbor, and damn near half my age... But she's legal, and I'm going to be her first. I'm going to claim and breed her. I don't care what the consequences are, because I'm going to make her mine if it's the last thing I do.

Vows sealed us together. The mob tore us apart. But now this beast is coming back for his beauty. She's mine. To love. To honor. To comfort. And this time, to keep. Forever. To a rough, filthy, savage mob fixer like me, she was an angel. My angel. The beauty to tame the beast I kept inside. I was lost the second I saw her. Abby was my everything. My second chance, the bride I never should have had... And then one day, I didn't. The mob takes its dues in blood, and I was their collector. And somehow, I let her get away from me. Too many shadows. Too much blood on my hands. Too many nights away from the only bed I wanted, warmed by the only woman I ever craved. But tonight, I'm through. Tonight, I'm taking back my wife. I've been keeping watch over her, and my desire has turned to obsession. It's turned into a raw, fierce need--to have her, to claim her once again. To take her back and take her in our marriage bed. I'm through being the mob's mad dog, and I'm about to tear their world apart to get back my bride. Months ago, I let the only goodness I've ever known walk out of my life. But tonight, I'm taking her back. Tonight, I'm claiming her all over again. Tonight, I'm going to remind her of the vows we spoke. And I'll storm heaven and hell to take back my angel. Love your heroes extra growly, extra dominant, and utterly obsessed with their one and only? I'm pretty sure you're going to devour this one. ;) Get ready for sugary-sweet and hot as hell, and an utterly driven, committed alpha who'll stop at nothing to re-claim his bride. As with all my books, this standalone is safe, with no cheating, and a HEA guaranteed.

I'm going to be her first - no matter what. She's the sweet temptation from down the street. My buddy's little girl. I watched her grow up, but now I'm obsessed with taking her, claiming every part of her, and making her mine. I know it's wrong as hell. She's off-limits and totally innocent, but I can't tame my desire for her, not when one blink of those wide eyes gets me hard as a rock. She ignites something inside of me, something that won't be tamed and won't be f\*cking stopped. I'm going to be her first, and claim every single part of her. I'm going to breed her and make her mine, and I don't care who knows. College is for firsts... He's my forbidden fantasy, the unbelievably hot retired rock star next door. He looks at me like I'm already his, and it's hard to ignore the pure, raw need he brings in out in me. I've been saving my v-card until college for the right man, but I know it's a matter of time before I let him take it all, even if he's more than twice my age. Then again, there's my best friend - she's my other half, my confidant. We've done everything together our whole lives. Can I really lose it without her? And what happens when "friends" turn into so much more? What happens when you've got urges and

feelings like this for two people?

Gorgeous, incendiary, tempting as original sin, and totally off limits. He's rough, dominant, and hot as hell on wheels. Channing Hensley blew into my life like a firestorm, and I've been in love and lust with him since the minute I laid eyes on him. All in secret, of course. He doesn't know. No one can know the things I dream of him doing to me. No one can know that I - the picture-perfect sweet little good girl - want him to be my first. So I hid it away instead, in a letter, where I poured out my heart and my deepest darkest fantasies to the man with the body made for reckless choices, and the piercing green eyes that dare you to make them. The man with the dark past and the fierce gaze that lingers on me in a way that takes my breath away. He's six years older than me. He works for my family's law firm. He's totally wrong, utterly inappropriate, and completely irresistible. Fantasizing about Channing Hensley is so bad. But I want him. Filthy, scandalous, and so sugary sweet your teeth will hurt. This one's a heaping dose of wrong in the right kind of way ;). If an older, dominant, obsessed alpha claiming his untouched heroine sounds like your cup of tea (oh, you know it is), then you should probably dive right in. Safe, no cheating, and a HEA guaranteed. No one is related in this story.

He was my savior, a friend, in fact a best friend, not beyond that. At least, that's what I thought.

Up on my mountain, she'll play by my rules. My obsession. My Temptation. My Captive. When I left life as a hitman for the Russian mob years ago, I never wanted to look back. I took the millions I'd made doing their dirty work and built my retreat up on Blackthorn Mountain, away from everything. But a flash wildfire brings her to my front door, and from the moment I lay eyes on her, I know one thing: she'll be mine. Gorgeous, sassy, innocent, untouched...and my prisoner. No one can know I'm here, so she stays. I'm keeping her. Life as a contract killer and now as a rough mountain man has turned my heart cold. I should keep a sweet girl like her away from me. But once I put my hands on her tempting curves and once I taste those sweet, innocent lips, I want nothing else than to keep her as close as possible. I've saved her from the fire, but if we aren't careful, we'll both get burned. Because my past isn't done with me. The mob I walked away from years before thinks they can use Chloe to get to me, but they're dead f-ing wrong. Up here, I'm king, she's my mountain queen, and I'll storm heaven and hell to keep her safe. Chloe's got a fight in her, but once I lay my hands on her, I'm never letting her go. Just so we're clear, this book is completely out of control, and reality has left the building. If you're looking for realism, this ain't it. But, if you've got a hankering for a growly-alpha-caveman hero that will stop at nothing to claim what's his, then you're probably going to devour this book ;). Safe, no cheating, and HEA guaranteed.
