Pocket size (5 X 8 Inches) format doesn't take up much space when carrying around, but there's still enough room to write your stuff.
Softback binding opens flat for ease of use.
We think you'll find this a fantastic time management tool for home, school, office, or anytime when you're on the fly and need to schedule!
Makes planning and scheduling a breeze!

If you've ever seen a dog in a television commercial, there's a pretty good chance it was a Border Collie. Or, if you've watched herding competitions, you've probably seen a Border Collie controlling the herd. First and foremost, Border Collies are sheep herders. But when they're not on the clock, they can make excellent companions. They're energetic, playful, and extremely intelligent. They're also sensitive, affectionate, and adorable. Even though this breed is still vital to livestock owners, we will focus on the Border Collie as a pet in this book. Intelligence is perhaps the most prominent trait of the Border Collie. In the pasture, this dog can understand specific commands and respond accordingly. They also excel at obedience competitions and agility runs because they can pick up new skills quickly and respond to challenging commands. This book will give you the information you need to jump-start your ownership journey, including: Border Collie History Choosing a Border Collie Preparing your Home for your Border Collie Bringing Home your Border Collie Being a Puppy Parent Housetraining Socializing with People and Animals Border Collies and Your Other Pets Physical and Mental Exercise Training your Border Collie Basic Commands Dealing With Unwanted Behaviors Traveling with Border Collies Nutrition Grooming your Border Collie Basic Health Care Advanced Border Collie Health and Aging Dog Care This book will become your go-to guide throughout your BC's life, as it has helpful hints and reminders that will prove to be practical far into their adulthood. Border Collies are an absolute joy to have as pets. These dogs are beautiful, intelligent, and silly. They love to test their owners and call the shots, but at the end of the day, they're capable of following orders. You'll never find another dog quite like them, as they're capable of running around one minute and snuggling up beside you the next. All your Border Collie wants is a purpose. While they may drive you nuts when they're bored, it's amazing to watch them work. Whether your Border Collie's "job" is to tend livestock,

chase the rabbits and birds from your garden, or just be a loving companion, you'll find that your Border Collie will do anything for the love and affection with which you pay them.

The 150th Anniversary special edition of the best-selling reference book of all time! The ebook format allows curious readers to keep millions of searchable facts at their fingertips. The World Almanac® and Book of Facts is America's top-selling reference book of all time, with more than 82 million copies sold. Since 1868, this compendium of information has been the authoritative source for all your entertainment, reference, and learning needs. The 150th anniversary edition celebrates its illustrious history while keeping an eye on the future. Praised as a "treasure trove of political, economic, scientific and educational statistics and information" by The Wall Street Journal, The World Almanac and Book of Facts will answer all of your trivia needs—from history and sports to geography, pop culture, and much more. Features include: 150 Years of The World Almanac: A special feature celebrating The World Almanac's historic run includes highlights from its distinguished past and some old-fashioned "facts," illustrating how its defining mission has changed with the times. Historical Anniversaries: The World Almanac's recurring feature expands to incorporate milestone events and cultural touchstones dating to the book's founding year, from the impeachment of President Andrew Johnson to the publication of Little Women. World Almanac Editors' Picks: Greatest Single-Season Performances: In light of Russell Westbrook's unprecedented 42 regular-season triple-doubles, The World Almanac takes a look back at athletes' best single-season runs. Statistical Spotlight: A popular new feature highlights statistics relevant to the biggest stories of the year. These data visualizations provide important context and new perspectives to give readers a fresh angle on important issues. The Obama Presidency: A year after Barack Obama's second term came to a close, The World Almanac reviews the accomplishments, missteps, and legacy of the 44th president. The World at a Glance: This annual feature of The World Almanac provides a quick look at the surprising stats and curious facts that define the changing world. Other New Highlights: A biography of the 45th president and profile of the Trump administration; 2016 election results; and statistics on crime, health care, overdose deaths, shootings, terrorism, and much more. The Year in Review: The World Almanac takes a look back at 2017 while providing all the information you'll need in 2018. 2017—Top 10 News Topics: The editors of The World Almanac list the top stories that held the world's attention in 2017. 2017—Year in Sports: Hundreds of pages of trivia and statistics that are essential for any sports fan, featuring a preview of the 2018 Winter Olympic Games, complete coverage of the 2017 World Series, new tables of NBA, NHL, and NCAA statistics, and much more. 2017—Year in Pictures: Striking full-color images from around the world in 2017. 2017—Offbeat News Stories: The World Almanac editors found some of the quirkiest news stories of the year, from the king who secretly worked as an airline pilot for decades to the state that's auctioning off its governor's mansion. World Almanac Editors' Picks: Time Capsule: The World Almanac lists the items that most came to symbolize the year 2017, from news and sports to pop culture.

This issue of Veterinary Clinics: Small Animal Practice is a comprehensive update on Common Toxicologic Issues in Small Animals, edited by Dr. Stephen B. Hooser and Dr. Safdar A. Khan. The issue includes updated articles first published in the 2012 issue, including: Animal Poisoning Case Trends in the US; Investigative Diagnostic Toxicology and the Role of the Veterinarian in Pet Food-Related Outbreaks; Pet Food Recalls and Contaminants; Use of Intravenous Lipid Emulsions for Treating Certain Poisoning Cases; Calcium Channel Blocker Toxicity in Dogs and Cats; Management of Attention-Deficit Disorder and Attention-Deficit/Hyperactivity Disorder Drug Intoxication in Dogs and Cats; Toxicology of Frequently Encountered Nonsteroidal Anti-Inflammatory Drugs in Dogs and Cats; Xylitol Toxicosis in Dogs; Toxicology of Avermectins and Milbemycins (Macrocyclic Lactones) and the Role of P-Glycoprotein in Dogs and Cats; Toxicology of Newer Insecticides; Common Rodenticide Toxicoses; Mushroom Poisoning Cases in Dogs and Cats: Diagnosis and Treatment of Hepatotoxic, Neurotoxic, Gastroenterotoxic, Nephrotoxic, and Muscarinic Mushrooms; Differential Diagnosis of Common Acute Toxicologic Versus Nontoxicologic Illness; Common Reversal Agents/Antidotes in Small Animal Poisoning; and two new articles on the Toxicity of Marijuana & Synthetic Marijuana, and Radiation Emergencies.

This comprehensive book describes innovative ways of training sheepdogs and addresses a number of subjects that have not been adequately covered in previous publications; such as working with sensitive dogs and dogs lacking in confidence, the 'square movement', and the 'concept of opposites'. Written by an acknowledged expert, Sheep Dog Training and Trials discusses in a variety of settings new concepts such as the author's theory of 'passive resistance' and the 'pressure on-off technique'. In addition, the author considers ways of optimizing a dog's health, energy, fitness and peak performance. This fascinating book presents contributions from four world-renowned handlers, including the twice world champion, Aled Owen, which examine the factors that have influenced them and made them successful.

First James Lovelock, and recently Prince William and David Attenborough believe that we have reached a tipping point in the process of climate change. Whether they are right or not, it is certainly true that the impact of humankind upon the ecology of the earth has reached a point where real changes in human behaviour are required. If managers are to be enablers of planetary survival then we need to develop a new approach to risk, which explicitly includes ecological limits upon economic behaviour. This implies a fundamental reorientation of their role in allocating resources to minimise risk and maximise reward. This book brings together some of the brightest contemporary thinkers on leadership, complexity and sustainability to consider the big ideas that we will need to make the changes required, and to outline the major themes that can inform a new approach to constructing a green world. It looks at how to ensure that local models of sustainability are able to flourish in the context of global networks and presents specific case studies of markets and organisations that offer insights into the development integrated solutions and the leadership lessons we can learn. Combining both theory and practice, this book serves to guide business managers and provides deeper insight and critical perspectives on some of the key issues facing leaders moving towards the green economy. It also provides useful supplementary reading for students in business and environmental studies.

“Change loves me, defines and stalks me like a laser-guided smart bomb. It comes at me in all forms, suddenly and with enormous impact, from making shifts in work to having and raising a kid to buying a cabin on a distant mountaintop. Sometimes, change comes on four legs.” In his popular and widely praised *Running to the Mountain*, Jon Katz wrote of the strength and support he found in the massive forms of his two yellow Labrador retrievers, Julius and Stanley. When the Labs were six and seven, a breeder who'd read his book contacted Katz to say she had a dog that was meant for him—a two-year-old border collie named Devon, well bred but high-strung and homeless. Katz already had a full canine complement, but instinct overruled reason, and soon thereafter he brought Devon home. *A Dog Year: Twelve Months, Four Dogs, and Me* is the story of how Devon and Jon—and Julius and Stanley—came to terms with each other. It shows how a man discovered a lot about himself through one dog (and then another) whose temperament seemed as different from his own as day is from night. It is a story of trust and understanding, of life and death, of continuity and change. It is by turns insightful, hilarious, and deeply moving. **BONUS:** This edition contains an excerpt from Jon Katz's *Going Home*.

IMPORTANT: Both Volume One & Volume Two are required for the complete BOOK of DEW. Over 42 years of research into the surname DEW, and spelling variations, in the United States. Started in 1975, this research attempts to document the relationships among all the ancestors and descendants of the DEW surname from all parts of this country.
