Disruptive Innovation: The Christensen Collection (the ...

Disruptive innovation is a term used by Harvard Business School professor Clayton Christensen in his 1997 book *The Innovator's Dilemma*, considered by many to be one of the most influential business ideas of the 21st Century. Disruptive Innovation describes a process by which a product or service initially takes root in simple applications at the bottom of a market--typically by being less expensive and more accessible--and then relentlessly moves upmarket, eventually displacing ...

The Theory of Disruptive Innovation - Clayton Christensen

Clayton M. Christensen is best known for his theory of disruptive innovation, in which he warns large, established companies of the danger of becoming too good at what they do best. To grow profit...

The Essential Clayton Christensen Articles

Coined in the early 1990s by Harvard Business School professor Clayton Christensen, the term has become virtually ubiquitous from Wall Street to Silicon Valley. Consequently, it's also one of the most misunderstood and misapplied terms in the business lexicon. Disruptive Innovations are NOT breakthrough technologies that make good products better; rather they are innovations that make products and services more accessible and affordable, thereby making them available to a larger population.
