globalization to the 'Clash of Civilizations.' In particular it looks at Gandhi's emphasis on the small, the local, and the human – an emphasis that today begins to appear practical, attractive, and even inescapable. Written in an accessible style invoking examples from everyday happenings familiar to all, this concise volume reintroduces Gandhi to today's audiences in relevant terms.

Bringing together research from a variety of countries and periods, this volume introduces readers to the diverse approaches used to recover the evidence of reading through history in different societies, and asks whether reading practices are always conditioned by specific local circumstances or whether broader patterns might emerge.

An introduction to England with extra grammar and vocabulary exercises, points for understanding comprehension questions and a glossary of difficult vocabulary and useful phrases.

Mahatma Gandhi was the celebrated leader of the Indian independence movement, and an inspiration for many similar movements around the world. Gandhi began his push for nonviolent civil disobedience as an expatriate lawyer in South Africa, eventually bringing the practice to India where he led the Indian National Congress. He is referred to as the Father of the Nation, and remains a symbol of freedom and nonviolence to this day. Pocket Bios are full of personality, introducing readers to fascinating figures from history with simple storytelling and cheerful illustrations. A charming, delightfully photographed tribute to the older dog, with essays and poetry. Gandhi once said, "The greatness of a nation and its moral progress can be judged by the way that its animals are treated." How people regard older animals is especially revealing. Beautiful Old Dogs is a heartfelt, emotional, passionate tribute to old dogs. It will inspire many readers to get involved in senior dog rescue and adoption, as it honors our senior best friends and explores their current state of care and custody in an informative appendix. This book features the exquisite photography of the late Garry Gross, a noted fashion photographer during the 60s, 70s and 80s who, after becoming a highly successful dog trainer in New York City, turned his camera lens towards dogs. Gross, along with Victoria Stilwell from Animal Planet's It's Me or the Dog, founded Dog Trainers of New York in 2002, and became devoted to highlighting the plight and value of senior dogs. "The older the better," Gross said. "Dogs with soul in their eyes." David Tabatsky has collected Gross's photographs here, and carefully curated an accompanying selection of moving, insightful, funny, and uplifting essays and short pieces by a range of writers, with contributions from Anna Quindlen, Ally Sheedy, Christopher Durang, Doris Day, Dean Koontz, Marlo Thomas, and many more.

Dennis Dalton's classic account of Gandhi's political and intellectual development focuses on the leader's two signal triumphs: the civil disobedience

movement (or salt satyagraha) of 1930 and the Calcutta fast of 1947. Dalton clearly demonstrates how Gandhi's lifelong career in national politics gave him the opportunity to develop and refine his ideals. He then concludes with a comparison of Gandhi's methods and the strategies of Martin Luther King Jr. and Malcolm X, drawing a fascinating juxtaposition that enriches the biography of all three figures and asserts Gandhi's relevance to the study of race and political leadership in America. Dalton situates Gandhi within the "clash of civilizations" debate, identifying the implications of his work on continuing nonviolent protests. He also extensively reviews Gandhian studies and adds a detailed chronology of events in Gandhi's life.
