God's Timeline: The Big Book of Church History: Finlayson ...

In a previous post Linda Finlayson's God's Timeline: The Big Book of Church History, Christian Focus, 2018, was reviewed, and now she has used her gifts for simplicity, clarity, aesthetics, and organization to address the problem of Biblical illiteracy by beginning with children. In recent decades lack of Bible knowledge among conservative-confessional Presbyterians is common, so much so that sessions, presbyteries, and general assemblies have adopted Bible knowledge requirements for ...

God's Bible Timeline: The Big Book of Biblical History ...

It is no small challenge to wrap our minds around the thousands of years of history that fall between Genesis 1 and Revelation 22. Linda Finlayson's God's Bible Timeline is a noble and effective attempt to help us do that very thing. Using text, graphics, and timelines, it seamlessly describes and displays both the great story and the wider context of the Bible.

God's Timeline - Linda Finlayson | The Good Book Company

The many timelines in this book do a great job of linking the story of the church to the major events in history. The author's seeming enthusiasm for the Crusades is a bit puzzling, and the comparison of Christianity and Islam seems to lack a focus on the figure of Jesus a bit.

"The Bible is packed full of amazing accounts of adventure, excitement, and redemption. A beautiful garden, a great flood, dusty travels through a dry desert, a land flowing with milk and honey, good and bad kings, and a holy baby who came to be the Redeemer. In this fast-paced book, you'll journey from Genesis to Revelation, seeing the many ways God has shown us His love and redemption throughout history!—Cover back.

How do I get more out of my Bible reading? What was going on during the gap between the Old and New Testaments? How do all the books of the Bible fit together as a whole? This book answers these questions and puts clear, readable Bible study aids at your fingertips. It contains thirteen essays from some of today's best evangelical scholars including C. John Collins, Thomas Schreiner, Gordon Wenham, and Darrell Bock, and will help you to: See the big-picture storyline of the Bible Understand the theology of the Old and New Testaments Read the different sections of Scripture effectively Know what happened between the testaments In addition to essays on each genre of the Bible, the book addresses the general Greco-Roman world and specific Jewish groups at the time of the New Testament. To aid in putting Bible passages in context, it also includes timelines of the Old and New Testaments and intertestamental events. Useful as both a general overview of the Bible and as a tool for more specific reference and training, this book will help you grow in your understanding of Scripture and your ability to apply the Bible to life.

Sixty-six books written by forty people over nearly 2,000 years, in two languages and several different genres. The Bible is clearly no ordinary book. How can you begin to read and understand it as a whole? This excellent overview gives you the big picture, providing both the encouragement and the tools you need to read the Bible with confidence and understanding.

Do we have free will? How can we know anything? What is justice? Why is there evil in the world? What is the source of truth? Is it possible for God not to exist? Can we really believe what we see? These are some of the questions that have intrigued the world's greatest thinkers over the ages. They are questions that make us think about the way we live, work, relate to each other, and see the world. In elegant and accessible prose, the eminent philosopher Leszek Kolakowski explores the essence of these ideas and their ongoing relevance as he introduces us to the great figures of Western thought: from Socrates to St. Augustine, Descartes to Nietzsche, and beyond. Reflecting on the great issues that animate our lives/god and evil, truth and beauty, faith and the soul, free will and consciousness/Why Is There Something Rather Than Nothing? offers a guided tour of Western philosophy by one of the world's greatest living experts.

Christopher Hitchens, described in the London Observer as 'one of the most prolific, as well as brilliant, journalists of our time' takes on his biggest subject yet!the increasingly dangerous role of religion in the world. In the tradition of Bertrand Russell's Why I Am Not a Christian and Sam Harris's recent bestseller, The End Of Faith, Christopher Hitchens makes the ultimate case against religion. With a close and erudite reading of the major religious texts, he documents the ways in which religion is a man-made wish, a cause of dangerous sexual repression, and a distortion of our origins in the cosmos. With eloquent clarity, Hitchens frames the argument for a more secular life based on science and reason, in which hell is replaced by the Hubble Telescope's awesome view of the universe, and Moses and the burning bush give way to the beauty and symmetry of the double helix.

The Big Picture shows God's love for His people and God's interaction with them through a clever picture frame to highlight the session's character or event. It is big enough for large group to see easily at 74 feet long!!

A ground-breaking book that takes on skeptics from both sides of the cosmological debate, arguing that science and the Bible are not at odds concerning the origin of the universe. The culmination of a physicist's thirty-five-year journey from MIT to Jerusalem, Genesis and the Big Bang presents a compelling argument that the events of the billions of years that cosmologists say followed the Big Bang and those of the first six days described in Genesis are, in fact, one and the same/identical realities described in vastly different terms. In engaging, accessible language, Dr. Schroeder reconciles the observable facts of science with the very essence of Western religion: the biblical account of Creation. Carefully reviewing and interpreting accepted scientific principles, analogous passages of Scripture, and biblical scholarship, Dr. Schroeder arrives at a conclusion so lucid that one wonders why it has taken this long in coming. The result for the reader/whether believer or skeptic, Jewish or Christian/is a totally fresh understanding of the key events in the life of the universe.

"A modern classic....Thrilling and constantly illuminating."Michael Dirda, Washington Post Book World Through a distinguished career of critical scholarship and translation, Robert Alter has equipped us to read the Hebrew Bible as a powerful, cohesive work of literature. In this landmark work, Alter's masterly translation and probing commentary combine to give contemporary readers the definitive edition of The Five Books. Winner of the PEN Center USA Literary Award for Translation and the Koret Jewish Book Award for Translation, a Newsweek Top 15 Book, Los Angeles Times Favorite Book, and San Francisco Chronicle Best Book.
