Hand Of Isis Numinous World

Jo Graham's Hand of Isis is a story of ancient Egypt as seen through the eyes of Charmain, a young handmaiden and half-sister to Cleopatra. Exiled into the Black Lands as girls, Charmain, Cleopatra, and a third sister named Iras, devote themselves to the goddess Isis, vowing to be her hands and avatars on earth, and to love and protect the people of Egypt.

Hand of Isis (Numinous World, #3) by Jo Graham

We follow Charmian, Cleopatra, and third half-sister Inas through their childhood to maturity, through historical and personal upheaval. As children, the three girls agree to be the "hands of Isis" if Cleopatra is put on the throne, which at the time seems unlikely.

Hand of Isis: Amazon.com: Books

So yeah, HAND OF ISIS in particular and Jo Graham's books in general are just stunning. Do yourself a favor & check them out. BLACK SHIPS is actually the first book if you want to see the Numinous Worlds in historical order, but all of them stand on their own easily too!

Jo Graham's Numinous World books, Black Ships, Hand of Isis, and Stealing Fire, have been nominated for numerous awards, including the Locus Award and the Compton Crook Award, as well as Amazon Editors' Top Ten List in Fantasy for 2008. Look for her fourth Numinous World book, Fortune's Wheel, in summer 2012.

Against the rising power of Rome, Egypt is the last and strongest bastion of the Eastern Hellenistic kingdoms. Charmian is Cleopatra's half sister, daughter of Pharaoh and a woman of the harem. She shares a great honour and a terrible burden with Cleopatra and their sister Iras - they are fated to defend Egypt from those who would destroy her. So when Roman Julius Caesar comes to Egypt in pursuit of his enemies, Charmian and her sisters are drawn into a deadly struggle. One that will shape the world to come. From mysterious temples hidden in the desert to the perilous palaces of Rome, from the tomb

of Alexander the Great to the very Gates of Amenti, Charmian must face foes seen and unseen in a battle for her family, her love and her gods.

Alexander the Great's soldier, Lydias of Miletus, has survived the final campaigns of the king's life. He now has to deal with the chaos surrounding his death. Lydias throws his lot in with Ptolemy, one of Alexander's generals who has grabbed Egypt as his personal territory. Aided by the eunuch Bagoas, the Persian archer Artashir, and the Athenian courtesan Thais, Ptolemy and Lydias must take on all the contenders in a desperate adventure whose prize is the fate of a white city by the sea, and Alexander's legacy.

In a time of war and doubt, Gull is an oracle. Daughter of a slave taken from fallen Troy, chosen at the age of seven to be the voice of the Lady of the Dead, she is destined to counsel kings. When nine black ships appear, captained by an exiled Trojan prince, Gull must decide between the life she was born for and a most perilous adventure - to join the remnant of her mother's people in their desperate flight. From the doomed bastions of the City of Pirates to the temples of Byblos, from the intrigues of the Egyptian court to the haunted caves beneath Mount Vesuvius, only Gull can guide Prince Aeneas on his quest, and only she can dare the gate of the Underworld to lead him to his destiny. In the last shadowed days of the Age of Bronze, one woman dreams of the world beginning anew. This is her story. Just as Marion Zimmer Bradley's *The Mists of Avalon* breathed new life into Arthurian legend, *BLACK SHIPS* evokes the world of ancient Greece with beautiful, haunting prose, extraordinary imagination, and a profoundly moving story.

1805: Europe stands poised on the brink of war. Elza is content with her life in the demi-monde, an actress and courtesan in the glittering society of France's First Empire, but when her former lover is arrested for treason, Elza is blackmailed into informing on her friends and associates. She has one alternative--to become the secret agent of the most feared man in Europe, Napoleon Bonaparte. However, this is no ordinary espionage, but backed by the power of the witches of England determined to hold England's sea wards against invasion. Only an agent who is herself a medium can hope to unravel their magic in time--with the life of the man Elza loves hanging in the balance.

A Dutch woman flees her marriage to become a courtesan against the backdrop of the French Revolution in this steamy historical novel described as *Girl with a Pearl Earring* meets *Dangerous Liaisons*. *Liberté, Egalité, Sensualité*. . . . As a spirit of change overturns Europe's old order, strong-willed Elzelina Versfelt enters her own age of revolution. Married as a romantic young girl to a man who wanted only her money, but neither loves nor desires her, Elza refuses to be chained any longer. Leaving Amsterdam, her marriage, and her home, she flees to France—where the old rules no longer apply, debauchery is not a sin . . . and nothing is forbidden. Yet Elza finds herself bound in a new way, to the ambitious General Moreau. And while they share pleasure, pain, and carnal adventures, she dreams of another man, an unruly red-haired soldier she first saw in the promise of a Tarot card. Drawn by this half-real, half-imagined hero, Elza defies her relationship with Moreau, and begins a perilous search across war-torn Europe. . . . But will this woman with the instincts of a survivor, the passion of a courtesan, and the gift of second sight ever find the destiny for which she has risked it all? This stunning novel blends history with the language of the heart to tell a sensual story of an era of upheaval . . . and of the clamoring, dangerous desires of a woman's soul.

A Sookie Stackhouse short story collection from #1 New York Times bestselling author Charlaine Harris. Together in one edition, five stories from Harris's supernatural Louisiana town of Bon Temps, featuring telepathic waitress Sookie Stackhouse. In "Fairy Dust," Sookie must use her talents to help fairies in danger. In "One Word Answer," Sookie comes face to face with some unpleasant family secrets. Sookie gets an unexpected—though not unpleasant—present while celebrating the Prince of Darkness's birthday in "Dracula Night." Sookie's witchy friend Amelia helps Sookie on a case in "Lucky." And in "Giftwrap," Sookie fights to overcome holiday blues until she has a surprising chance encounter.

Past imperfect Stranded in Ancient Egypt at the end of the STARGATE SG-1 episode *Moebius*, Jack O'Neill, Sam Carter, Teal'c and Daniel Jackson are enjoying the simple lives they've forged in the years since Ra was driven from Earth. But life never stays simple for long... Back in the twenty-first century, trouble strikes the SGC. With one of their own people snatched by renegade Tok'ra, Colonel Cameron Mitchell leads the new SG-1 on a chase through time to rescue their friend - and to protect their future. But for Carter, Daniel and Teal'c, the greatest challenge is encountering themselves - and coming to terms with the consequences of their own choices. *Moebius Squared* "So this..." Cam gestured to the machinery. "This can only move us backwards and forwards in our own timeline." "That's my best guess," Sam said. She pushed her bangs back out of her face. Her hair had grown out and was now caught in a ponytail at the back of her neck. "Just like Janus' puddlejumper." "I don't even want to think about that thing," Daniel said. "Or anything else to do with Janus." He winced. "Sorry," Sam said. "Sore spot." "Damn right." Daniel had only been out of the infirmary for two weeks since his latest brush with one of Janus' inventions. This one had gotten him kidnapped and electrocuted. They all spun around as the gate began to activate. "Firing positions," Cam said, crouching down beside the control panel. If someone were making a grab for Ba'al's facility... The wormhole opened and stabilized, a glittering puddle of blue. Cam's radio crackled. "SG-1, this is Stargate Command. You are to return to Earth immediately." What the...? Cam chinned his radio on. "Stargate Command, we still have a lot to do here. Colonel Carter..." "Return immediately," the voice of Sergeant Harriman said firmly. "Stargate Command has been attacked."

Drawing on her travels in modern-day Egypt and her lifelong study of Egyptian mythology and art, Normandi Ellis takes us on a moving autobiographical journey through the sacred sites and rituals of Egypt's past, revealing their restorative and transformative power for contemporary women like herself. Ellis's spell-binding prose weaves a tapestry of the personal past and the spiritual eternal in this exploration of the secret wisdom of ancient Egypt.

In this first installment in a six book series set after the end of *Stargate Atlantis*'s final season, Atlantis returns to the Pegasus Galaxy where the Wraith are now under the new and powerful Queen of Death who desperately needs Dr. Rodney McKay--the only one who can lead them to Earth. Original.
