[STUDENTS](#). The following table attempts to show the manifestations linked to each of the neuro-divergent conditions./.. Nobody is likely to have a problem with everything associated with his or her particular conditions. Someone who is not significantly, say Asperger's, could still have one or two of the manifestations associated with that condition.

demonstrate comprehension of the book Charlotte's Web.

## Handout 7: Differentiation Scenario

1. Group Students Based on Topic Knowledge. In many CTE classrooms, some students work ahead while others get left behind. This is one of the most common reasons teachers look for ways to differentiate their lessons. To help head off this problem from the start, consider using flexible grouping in your classes.
