Due in part to globalism and economic development, the Asian business sector has been rapidly expanding. Thanks to the increasing industrialization and economic growth of China and India in particular, tourism as well as business opportunities in the Asian sector are booming. Managerial Strategies and Practice in the Asian Business Sector is a comprehensive reference source for theories and practices related to business integration in Asian countries. The research presented within this timely resource closely examines a number of essential topics such as ethics, competition, and entrepreneurship in an era of globalization and economic expansion. Illustrating innovative insights concerning the development of business strategies in this growing region, this book is an invaluable reference for business executives, students of business, academics, policy makers, or any professional concerned with globalism and the intricacies of Asian business and information technology integration in the Asian business sector.

Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters.

For close to 20 years, Industrial Engineering and Production Management has been a successful text for students of Mechanical, Production and Industrial Engineering while also being equally helpful for students of other courses including Management. Divided in 5 parts and 52 chapters, the text combines theory with examples to provide in-depth coverage of the subject.

Commerce

There Has Been A Rapidly Growing Demand For Professional Managerial Manpower Over The Past Two Decades, As A Result Of Which Most Indian Universities And Management Institutes Had To Introduce Degree And Diploma Courses Right At The Undergraduate Level, With Business Economics As A Separate Paper. To Meet The Requirement Of The Students Who Take On Economics For Business For The First Time, The Subject Matter Needs To Be Within Their Comprehension Level That At The Same Time Lays A Strong Foundation. This Book Meets This Requirement By Presenting A Short, Simpler And Restructured Version Of The Author S Popular Book Managerial Economics. The Book Is As Per The Model Syllabus Of Business Economics Recommended By The Ugc For Bba Students, With Additional Topics For The Sake Of Completeness And To Cover The Syllabi Of A Large Number Of Universities. The Book Also Caters To Bbe, B Com, And Pgdbm Courses Run By The Indian Universities And Management Institutes. The Book Differs From The Author S Managerial Economics In Its Scope Of The Subject Matter And The Level Of Analytical Treatment, Inasmuch As Here Only The Microeconomic Aspects Of Managerial Economics Are Covered.

Taking a managerial approach and demonstrating the application of behavioural science within the workplace, this text focuses on the essential topics of organisational behaviour. The Essentials text is a new concise version of the long established market leader Management & Organisational Behaviour which has set standards in pedagogy and authorship that few texts have matched. The accessibility of writing style and clarity of presentation makes unfamiliar theory relevant, easily understood and logically applied to the world of work. In 12 chapters, the Essentials version focuses on the core topics of the discipline in a recognisable sequence, starting from the level of individual, though to the group, and finally the organisation.
