Mindfulness-Based Eating Awareness Training began in the early 1980's with a group of young women and the programme has now evolved into a full 12 sessions after many research studies. Development of the programme saw the addition of Forgiveness meditation - focusing on self-acceptance and forgiving others and Wisdom meditation - helping participants engage a higher/spiritual self.

This chapter describes Mindfulness-Based Eating Awareness Training (MB-EAT), an intervention for overeating and obesity. Mindfulness practices develop the capacity for self-directed attention to hunger and satiety as well as emotional, social, and environmental triggers for eating.

~~Mindfulness Based Eating Awareness Training: Treatment of ...~~

MB-EAT involves training in mindfulness meditation and guided mindfulness practices that are designed to address the core issues of BED: controlling responses to varying emotional states; making conscious food choices; developing an awareness of hunger and satiety cues; and cultivating self-acceptance. Evidence to date supports the value of MB-EAT in decreasing binge episodes, improving one's sense of self-control with regard to eating, and diminishing depressive symptoms.

~~Mindfulness based eating awareness training for treating ...~~

The Mindfulness-Based Eating Awareness Training (MB-EAT) or the Mindful Eating class is an intensive 6-week program that blends mindful eating exercises with mindfulness meditation practice to cultivate more moment-to-moment awareness of self, particularly around food.

~~Mindfulness Based Eating Awareness Training / Mindful Eating~~

This paper reviews the conceptual foundation of mindfulness-based eating awareness training (MB-EAT). It provides an overview of key therapeutic components as well as a brief review of current research. MB-EAT is a group intervention that was developed for treatment of binge eating disorder (BED) and related issues.

~~Mindfulness-based Eating Awareness Training Program ...~~

Spring 2014. Mindful eating is a way of eating that can create a whole new relationship with food. It provides us with an opportunity to pay close attention to the wisdom of our bodies as opposed to the judgmental, harsh and simultaneously demanding, insatiable voice in our head. It grants us space to calm ourselves as we prepare a meal and again before we begin to eat so we can be totally present for the experience.

~~Mindful Eating for Life | Mindfulness Based Eating ...~~

In the Mindfulness-Based Eating Awareness Training program (MB-EAT) (Kristeller and Wolever, 2014; Kristeller and Wolever, in press), mindfulness practice is taught, mindful eating is cultivated, and self-acceptance and spiritual well-being are enhanced.
