This volume combines a theoretical critique of the biographical method that dominates Larkin studies with a revolutionary interpretation of his works that better accounts for their profound influence upon leading Postmodernists like Ian McEwan, David Mitchell, Carol Ann Duffy, Damien Hirst - and the creators of Jerry Springer - the Opera .

Philip Larkin is one of the finest English poets of our time. His poetic personality - nostalgic, wry, melancholy, ironic, witty and haunting - has appealed to a far wider audience than that of literary

specialists, while also winning the respect of leading critics and fellow poets. Lerner's study relates poetry to Larkin's life, and to the literary and social environment of post-war Britain; discusses the Larkin persona, and Larkin's relation to literary criticism; and above all seeks to guide readers to a full appreciation of the power and subtlety of Larkin's best poems.

Fascinating look at the challenges faced by John F. Kennedy and Barack Obama in their quests to win the presidency.

The author explores Larkin's poetry, novels, essays and jazz criticism. She shows his transition from novelist to poet, tracing the symbolist aspect of his work in the depiction of nature and addressing the influence of Hardy and Yeats on his poetic style. She looks at Larkin's celebration of England; his exasperation over 'difficulties with girls' and to his poetic use of coarse language in complaining about life's innumerable irritations. She also discusses the fury he expresses as he contemplates death.
