It was fitted with a 2.8 turbo diesel engine. It ran smoothly and maintained good stability at speed. It was a double-cab to have in its time. There was also a Mitsubishi Colt Rodeo launched in later years. The Rodeo version was powered by a 3.0-litre V6 and had several upgrades over the normal Colt.

Compared to today's powerful turbodiesel mills in the double cab segment, the Colt's Tdi motor seems rather inadequate. It produced 92kW at 4 000r/min and 294Nm at 2 000r/min, yet it was sur-prisingly brisk on the road, coupled to reasonable fuel consumption. Thousands of Colt Tdi's were sold, and most of them still run today.

The bakkie had one owner, has a full service history and aesthetically is in good condition inside and out. It is selling for around R110 000.
