Flowers are essential crops which beautify interiorscapes, outdoor landscapes and enhance human health. Floriculture is one of the fastest-growing sectors of commercial agriculture world-wide with many highly profitable crops. Such a diversity of new and domesticated flower crops is created by public and private sector flower breeders. This book provides a unique and valuable resource on the many issues and challenges facing flower breeders, as well as the industry at-large. In this volume, the first comprehensive assemblage of its kind, a team of 32 international authorities has contributed to make this book a 'must-have' reference to research and develop flower crops for the 21st century consumers. Part 1 of this book (flower breeding program issues) contains unique features of interest to horticultural professionals and students, include coverage of plant protection strategies, cultivar trialing methodology, germplasm collection/preservation, preventing invasiveness, and other timely topics. The collective body of knowledge for 24 flower crops (Part 2: Crop-specific Breeding and Genetics) represents the in-depth science and art of breeding technology available for bedding plants, flowering potted plants, cut flowers, and herbaceous perennials. Each author provides crop-specific history, evolution, biology, taxonomy, state-of-the-art breeding/genetics, classical/molecular technologies, species traits, interspecific hybridization, and directions for future development/enhancement.

In this year's Rupert Annual, Rupert is having lots of fun with his friends, and he meets a few new faces, too. Stuart Trotter's new story, Rupert and Snowflake, is no exception. After a trip to the toy shop, Rupert finds he has a stowaway! Will he be able to see Snowflake safely home? Or will Snowflake continue to cause mischief in Nutwood? Annual Content: Rupert and the Boffit by Alfred Bestall Rupert and the Ocean Office by Alex Cubie Rupert and the Nut Hatch by John Harrold Rupert and Snowflake by Stuart Trotter Origami activity Game based on Rupert and Snowflake

Celebrate one hundred years of Rupert Bear with this official Annual. It has been one hundred years since the birth of Rupert Bear, and he remains as popular as ever. The 2021 Annual contains a collection of carefully curated stories and activities themed around the idea of celebration, including Rupert and the Rainbow (Alfred Bestall, 1948) and Rupert and the Apple Trees (John Harrold, 1999). It also includes a brand new story by Stuart Trotter, all about Rupert's birthday. This year, Rupert's birthday doesn't go quite as planned when Rupert and his chums find themselves in the middle of a time-travel adventure!

Launched in 1936 in the Sunday Post in Scotland, Oor Wullie is one of the most popular children's comics. This is a slip-cased facsimile of the Oor Wullie annual published in 1940. It provides insight into the early days of the strip, and is intended for the generations who have read the strip.

The final chapter in the beloved chronicles of an angsty Brit begun in *The Secret Diary of Adrian Mole Aged 13¾* is "a tour de force by a comic genius" (Daily Mail). Am I turning into one of those middle-aged men who think the country has gone to the dogs and that there has been no decent music since Abba? Hard to believe! Adrian Mole is pushing forty, a beleaguered bookseller looking back through the wistful eyes of an unrecognized intellectual and, admittedly, pretty much of an Everyman. But he's also looking forward, despite a few things: His five-year-old daughter is showing alarming Stalinist traits; his son is fighting the Taliban and he's worried sick; his unfaithful wife is keeping a diary of her own and it's all rather heartbreaking; frequent urination has made him fear trouble "down there;" and his mother is penning a misery memoir that is one gross slog of a lie (born an aristocrat in a Norfolk potato field, indeed!). Then one day he receives a phone call out of the blue from the great and only love his life: Pandora Braithwaite. "Do you think of me?" she asks. Only ever since he was 13¾ . . . Adrian Mole's epic and hilarious chronicle of angst over a quarter century has sold more than twenty million copies worldwide, and been adapted for television and staged as a musical—truly "a phenomenon" (The Washington Post). This final volume is "like rediscovering an old school friend on Facebook" (Time Out), and "if [it] isn't the best book published this year, I'll eat my bookshelf" (Daily Mail).
