Book review - Bobby Windsor: The Iron Duke. Remember Blackadder's description of the magnum opus he wrote under a pseudonym? "A giant roller coaster of a novel in 400 sizzling chapters" with some hot gypsies thrown in. Well, Peter Jackson pulls off a similar trick with this compelling autobiography of Pontypool, Wales and Lions great Bobby Windsor, writes Rugby World deputy editor Alan Pearey.

Bobby Windsor □ The Iron Duke is the no-holds-barred, warts-and-all story of a working-class Welsh folk hero who rose from humble beginnings to become a permanent member of the greatest Lions team in the history of rugby union.

Lions legend Bobby Windsor has enjoyed triumphs beyond the dreams of most international players but has also suffered personal tragedy. His rugby career as the best hooker in the British Isles during the second golden era of Welsh rugby in the 1970s is a turbulent tale of blood and thunder on the pitch. There are riotous incidents off the pitch, including unscheduled fights with professional boxers, revelations about illegal payments during the so-called amateur era and what Windsor did to upset the Establishment and become blackballed by one of the most famous clubs in the world. Windsor's irrepressible sense of humour comes shining through on every page, except when he gives chapter and verse on the personal crisis that drove him to plan suicide. The Iron Duke is the no-holds-barred, warts-and-all story of a working-class Welsh folk hero who rose from humble beginnings to become a permanent member of the greatest Lions team in the history of rugby union.

This book looks at 20 rugby union players who fought on wet pitches for little but pride and honour in the days prior to the game turning professional in 1995, such as Dai Morris, Graham Price, Ray Prosser, Brian Thomas, Delme Thomas, Geoff Wheel, J P R Williams, R H Williams, W O Williams and Bobby Windsor.

This line from Max Boyce's 'Hymns and Arias' usually elicits delirious applause in the rugby world. It is now the title of a book which looks at

the classic matches between the two old foes between 1890 and 2013. Included are Wales vs England matches which featured controversies, such as the 1890 match when Wales were victorious for the first time.

The gruesome stories of the hardest, most ruthless rugby players from around the world since World War I. As talented as they were fiery, many were just as lively off the pitch as on it. In our era of citing commissioners, super slow-motion replays and trial by social media, some of their actions are quite hard to believe! Foreword by Nigel Owens.

The autobiography of Welsh rugby legend, J. J. Williams. Teacher by profession who had been schoolboy sprint champion of Great Britain, J.J. wasted no time harnessing searing pace to innate footballing skills. It propelled him beyond merely winning Grand Slams for Wales to a starring role in the most successful tour ever undertaken by British and Irish Lions.

An analysis of the contribution of 32 Welsh rugby Number 10s who were selected for their country between 1947 and 1999. The list includes Carwyn James, Barry John, Phil Bennet, Neil Jenkins and many more.

There's an old joke about rugby players and oddballs. However, there certainly have been quite a few of them playing rugby in the history of the game. And not just oddballs, there's been pitbulls, quiet men, iron men, and unsung heroes. And you can meet them all in this quirky collection of the famous and infamous of the game. Characters include Wilfred Wooller, who, playing in the '30s, was described as a 'juggernaut, leaving a trail of prostrate figures in his wake.' Then there was Gordon Brown (not the PM), known as 'Broonie' but also as the baby-faced assassin when he first entered the Scottish team in 1696. Right up to Sir Clive Woodward who transformed the England side from amateur to professional - a man who knew his own mind, but didn't seem to sure about anyone else's. Using extensive research author John Griffiths wins bonus points for a funny, fascinating, remarkable collection of the good, the bad and the ugly, of the scrums, forwards, fly halves, flankers and dummy passers. A great gift book for all rugby fans. John Griffiths is the author of six books on rugby and for many years co-edited Rothmans Rugby Yearbook and the IRB's Rugby Yearbook.

This collection of revealing profiles captures the essence of a galaxy of Welsh world-beaters from across the sporting spectrum: athletics, boxing, cricket, football, golf, horse racing, motor racing, rugby union, rugby league and tennis. Those featured include arguably the best Welsh rugby union player of the twentieth century; the greatest bowler never to play for England; the farmer's boy who became a master golfer; the Cardiff boy from Splott who made such a name for himself in Hull that they named a thoroughfare after him; the 'Gentle Giant' from Swansea still revered in Italy some 50 years after his last match for Juventus; the only post-war Welsh jockey to win the Grand National twice; and the unsung hero from the Rhondda who became the saviour of Manchester United in the weeks after the Munich air disaster. Their stories, based on exclusive interviews and coloured with anecdotes, will inspire future generations to believe that nothing is impossible.

England has contributed some of the greatest players and most colourful characters to the rich history of the Lions, and never more so than in recent years. During the course of little more than a decade, a golden era for the Red Rose yielded four Grand Slams en route to the thrilling climax of the World Cup victory in Sydney, a triumph which has catapulted some of the side's stars to a higher plane in the nation's affections. It is not surprising, therefore, that English players have dominated the last four Lions tours in a way which none of the home countries has done before. Lions of England presents the country's most famous players in a series of revealing portraits, each telling a fascinating story woven around monumental Test matches. Rich in previously untold anecdote and humour, these accounts illustrate the lives and times of the greats spanning three-quarters of a century - from one pre-war knight of the realm, Carl Aarvold, to a more recent one, Clive Woodward. All the evocative names of English rugby are featured here, from Dickie Jeeps to Martin Johnson, Jeff Butterfield to Jason Robinson, Dean Richards to Lawrence Dallaglio. Other chapters are devoted to Peter Jackson (a rather better player than the author), John Pullin, Roger Uttley, Fran Cotton, David Duckham, Bill Beaumont, Peter Wheeler, Jeremy Guscott, Rob Andrew, Jason Leonard and, of course, Jonny Wilkinson. Peter Jackson, the Daily Mail's award-winning rugby writer, has drawn on all his experience and eye for the unusual to give the reader an insight into what makes these talented players tick as people, the early influences which shaped their careers and the momentous events which made them household names. Bang up to date with the inclusion of the summer 2005 series against the All Blacks and a comprehensive records appendix, Lions of England is sure to inform and entertain rugby lovers of every generation in equal measure.
