The Saint Zita Society is the 62nd novel by British crime-writer Ruth Rendell, a standalone novel. It is not part of her popular Inspector Wexford series. Critical reception. The Saint Zita Society was very well received by critics.

The Saint Zita Society - Wikipedia

The St. Zita Society is a modern-day "Upstairs/Downstairs" story, introducing us to the residents of ritzy Hexam Place, one of the top addresses in London, and to the people who work for them. The Society itself is a group formed by the maids, nannies, companions, and drivers of Hexam Place, mainly to exchange complaints about their employers.

The St. Zita Society by Ruth Rendell - Goodreads

The St Zita Society are a group of servants working in an upmarket London Square - they are quite a diverse group of young and old home helps, drivers, gardeners, au pairs etc. To be honest, the idea of them all coming together (in the little spare time they had) to discuss dog excrement and smoking areas, didn't really work.

Life in the well-manicured London locale of Hexam Place is not as placid and orderly as it appears. Behind the tranquil gardens and polished entryways, relationships between servants and their employers are set to combust. Henry, the handsome valet to Lord Studley, is sleeping with both the Lord's wife and his university-age daughter. Montserrat, the Still family's lazy au pair, is helping to hide Mrs. Still's illicit affair with a television actor--for a small fee. June, the haughty housekeeper to a princess of dubious origin, is hard at work forming a "society" for servants to address complaints about their employers. Meanwhile, a disturbed gardener, Dex, believes a voice in his cellphone is giving him godlike instructions--that could endanger the lives of all who reside in Hexam Place. A deeply observed and suspenseful update to the upstairs/downstairs genre, The St. Zita Society is Ruth Rendell at her incisive best.

When millionaire banker, Preston Still, kills his wife's lover by pushing him down the stairs, he looks to the family au-pair to help him dispose of the body. But the au pair belongs to the Saint Zita Society, a self-formed group of drivers, nannies and gardeners, who are servants to the rich - and whose intentions are not entirely benign. Accident murder, illicit affairs, and a young man recently released from a hospital for the criminally insane come together with devastating consequences in Ruth Rendell's gripping new crime novel.

**INCLUDES AN EXCERPT OF RENDELL'S FINAL NOVEL, DARK CORNERS** This captivating novel about residents and servants on one block of a posh London street is a "sex comedy and a social satire, of the "Upstairs Downstairs" variety, with a few murders mixed in for our added delight" (The Washington Post Book World). Life on Hexam Place appears orderly on the outside: drivers take their employers to and from work, dogs are walked, flowers are planted in gardens. But beneath this tranquil veneer, this quintessentially London world of servants and their masters is set to combust. Henry, the handsome valet to Lord Studley, is sleeping with both the Lord's wife and his university-age daughter. Montserrat, the Still family's lazy au pair, assists Mrs. Still in keeping secret her illicit affair with a television actor in exchange for pocket cash. June, the haughty housekeeper to a princess of dubious origin, tries to enlist her fellow house-helpers into a "society" to address complaints about their employers. Meanwhile, Dex, the disturbed gardener to several families on the block, thinks a voice on his cell phone is giving him godlike instructions/commands that could imperil the lives of all those in Hexam Place.

When Stuart Font decides to throw a house warming party in his new flat he invites everyone in his building. The party will be one everyone remembers; but not for the right reasons. Living opposite, in reclusive isolation, is a young, beautiful Asian woman, christened Tigerlily by Stuart. As though from some strange urban fairytale, she emerges to exert a terrible spell on the occupants of Lichfield House.

Jock Lewis was supposed to have died in a terrible train crash at Paddington. Minty, his girlfriend, received a letter telling her so. But, curiously, the police haven't been in touch. And Jock has borrowed all her savings. Zillah also got a letter informing her that her husband, Jerry Leach, was dead. Something about it struck her as suspicious, but she chooses not to mention her doubts to her fiancé, an up-and-coming Conservative Member of Parliament. Fiona, a successful banker, met Jeff Leigh before the Paddington crash. And although he never seemed to have a job, and borrowed money from her, she is utterly devoted to him -- and can't understand why he suddenly disappeared. As the novel progresses, it slowly becomes apparent how the lives of these women might be connected, and how they may figure into a series of vicious stabbing deaths that have shocked and terrified the citizens of London. With consummate skill, Ruth Rendell pulls the colourful strands of this harrowing story ever tighter, increasing the tension page by page.

"Mystery novel about friendship, love, and aging. Synopsis: In the wanting months of the second World War, a group of children discover an earthen tunnel in their neighborhood. Throughout the summer of 1944--until one father forbids it--the subterranean space becomes their "secret garden," where the friends play games and tell stories. Six decades later, beneath a house on the same land, construction workers uncover a tin box containing two skeletal hands, one male and one female. As the discovery makes national news, the friends come together once again, to recall their days in the tunnel for the detective investigating the case. Is the truth buried among these aging friends and memories? This impromptu reunion causes long-simmering feelings to bubble to the surface. Mild-mannered Alan, stuck in a passionless marriage, begins flirting with Daphne, a glamorous widow who was once his teenage sweetheart. Michael, lonely after the death of his wife, considers contacting his estranged father, who sent Michael to live with an aunt after his mother vanished in 1944. Lewis begins remembering details about his Uncle James, an army private who once accompanied the Children into the tunnels, and who later disappeared. In THE GIRL NEXT DOOR, Rendell brilliantly shatters our assumptions about age, showing that the choices people make--and the emotions behind them--remain as potent in late life as they were in youth"--

A Sight for Sore Eyes tells three stories, and for the longest time, the reader has no inkling of how they will come together. The first is a story of a little girl who has been scolded and sent to her room when her mother is brutally murdered; as Francine grows up, she is haunted by the experience, and it is years before she even speaks. Secondly, we become privy to the life of a young man, Teddy, born of unthinking young parents, who grows up almost completely ignored. Free of societal mores, he becomes a sociopath, who eventually discovers that killing can be an effective way to get what he wants. Thirdly, we meet Harriet, who from an early age has learned to use her beauty to make her way in the world. Bored by marriage to a wealthy, much older man, she scans the local newspapers for handymen to perform odd jobs around the house, including services in the bedroom. When these three plots strands finally converge, the result is harrowing and unforgettable. A Sight for Sore Eyes is not just the work of a writer at the peak of her craft. It is an extraordinary story by a writer who, after 45 books, countless awards, and decades of international acclaim, is still getting better with every book.

When Carl sells a box of slimming pills to his close friend Stacey, inadvertently causing her death, he sets in train a sequence of catastrophic events which begin with subterfuge, extend to lies, and culminate in murder. In Rendell's dark and atmospheric tale of psychological suspense, we encounter mistaken identity, kidnap, blackmail, and a cast of characters who are so real that we come to know them better than we know ourselves. Infused with her distinctive blend of wry humour, acute observation and deep humanity, this is Rendell at her most memorable and best.

A Ruth Rendell mystery, first published in 1979 and shortlisted for the Edgar Allan Poe Award for best crime novel in 1980. Alan Groombridge is trapped. Husband to a woman he doesn't like, father to two children he never wanted, and manager of a tiny branch of the Anglian-Victoria bank, he is doomed to a life of domestic boredom and tedious routine. All that keeps him afloat is his one fantasy: stealing enough of the bank's money to allow him just one year of freedom - one year in which to live a different sort of life. But one day the bank is robbed, the manager and cashier disappear and what was once a place of dull and dreary repetition becomes the scene of a brutal, chilling nightmare that might never end...

What on earth could have provoked a modern day St. Valentine's Day massacre? On Valentine's Day, four members of the Coverdale family--George, Jacqueline, Melinda and Giles--were murdered in the space of 15 minutes. Their housekeeper, Eunice Parchman, shot them, one by one, in the blue light of a televised performance of Don Giovanni. When Detective Chief Superintendent William Vetch arrests Miss Parchman two weeks later, he discovers a second tragedy: the key to the Valentine's Day massacre hidden within a private humiliation Eunice Parchman has guarded all her life. A brilliant rendering of character, motive, and the heady discovery of truth, A Judgement in Stone is among Ruth Rendell's finest psychological thrillers.
